RANGER ARMS – ABOUT US

Ranger Arms is a Turkish company that has been producing shotguns, pistols and rifles in Konya since the early 2000s, making its name known in more and more countries every year, born from the dreams and passions of unique Turkish masters.

While Ranger Arms currently exports its high quality and flawless performance products to more than 50 countries, it aims to be the best in the world by increasing this number to 100+ countries in the medium and long term.

Ranger Arms manufactures premium shotguns & firearms and pistols for the entire world, combining passion for hunting, technology and continuous innovation in its 5,000 square foot manufacturing facilities.

Our engineers in the R&D and P&D team continue to work day and night to offer you the best products by putting their creative ideas into production in our factory, which has a monthly production capacity of 5,000 shotguns and 2,000 pistols and firearms.

RA9 DEFENCE 1

RA9 DEFENCE SERIES PISTOL

RA9 Defence 9X19mm Semi Auto Pistol

Designed for professionals with unique Turkish engineering, Ranger RA9 Defence is the new favorite of law enforcement agencies, military personnel and civilians around the world due to its high reliability, 17 rounds magazine capacity, perfect trigger weight and trigger reset distance. The unique "Monoblock Trigger Group", its elegant structure, the world-famous Mec-Gar CZ75 Magazine and more durable with 4140 Steel used in barrel production, more reliable with firing pin safety and trigger safety, more durable with reinforced lightweight polymer used in frame production, Ranger RA9 Defence 9×19 mm Semi Auto Pistol is safe, long-lasting, easy to disassemble and high performance. All these reasons will come to your aid when you need it.

The Unique Monoblock Trigger Group

It provides a more durable and long-lasting use thanks to the unique Monoblock Trigger Group, on which all the parts that enable the gun to operate and fire are collected. It offers the opportunity to have a renewed weapon by simply changing the Monoblock Trigger Group. It makes disassembly and cleaning easy.
